14 REPORTS OF OFFICERS

QUESTIONS

The Chairman invited questions from members on the reports of officers.

RECOMMENDATION

That with the exception of items, which are to be withdrawn and dealt with separately, Council adopts the recommendations in the Officers Reports (Section 14).

COUNCIL RESOLUTION

MOVED CR ZANNINO

SECONDED CR FÄRDIG

THAT WITH THE EXCEPTION OF ITEM 14.3, WHICH IS TO BE WITHDRAWN AND DEALT WITH SEPARATELY, COUNCIL ADOPTS THE RECOMMENDATIONS IN THE OFFICERS REPORTS (SECTION 14).

CARRIED UNANIMOUSLY

14.1 LIST OF ACCOUNTS PAID DURING THE MONTH OF JUNE 2013

REFERENCE: COMMITTEES-15868

PURPOSE OF REPORT

The purpose of this report is to present to Council a list of accounts paid under the Chief Executive Officer's delegated authority during the month of June 2013 for noting.

KEY ISSUES AND RECOMMENDATION(S)

As per the requirements of the Local Government (Financial Management) Regulations 1996 (Regulation 13(1)), the list of accounts paid during the month of June 2013 is provided for noting.

Recommendation(s)

That Council notes the CEO's list of accounts for June 2013 paid under delegated power in accordance with Regulation 13(1) of the Local Government (Financial Management) Regulations 1996, as attached to this report totalling \$5,880,582.29.

SOURCE OF REPORT

Director Corporate Services Manager Financial Services

BACKGROUND

Council has delegated to the Chief Executive Officer (CEO) the exercise of its power to make payments from the Municipal Fund and Trust Fund. In accordance with Regulation 13(1) of the Local Government (Financial Management) Regulations 1996, a list of accounts paid by the CEO is to be provided to Council, where such delegation is made.

REPORT

The table below summarises the payments drawn on the funds during the month of June 2013. A list detailing the payments made is appended as an attachment to this report.

Municipal Fund	EFT Payments:	26788 – 27102	
	Cheque Payments:	219610 – 219634	
	Payroll EFT:	PAY-25, PAY-26 & PAY-26.1	
	DIRECT DEBITS - Bank Charges: - Other:	1*JUN13 707 - 716	\$5,880,582.29
	LESS		
	Cancelled EFTs and Cheques	N/A	Nil
Trust Fund	Not Applicable		Nil
Total			\$5,880,582.29

Item 14.1 continued

STRATEGIC/POLICY IMPLICATIONS

Key Result Area 4 - Good Governance

- 4.3 To provide responsible and accountable governance and management of the EMRC
- 4.4 To continue to improve financial and asset management practices

FINANCIAL IMPLICATIONS

As contained within the report.

SUSTAINABILITY IMPLICATIONS

Nil

14.2 FINANCIAL REPORT FOR PERIOD ENDED 31 MAY 2013

REFERENCE: COMMITTEES-15810

PURPOSE OF REPORT

The purpose of this report is to provide Council with an overview of the Eastern Metropolitan Regional Council's (EMRC's) financial performance for the period ended 31 May 2013.

KEY ISSUES AND RECOMMENDATION(S)

• Significant year to date budget variances greater than 10% or \$10,000, whichever is the greater, within each nature and type category on the Statement of Financial Activity as at 31 May 2013 have been identified and are reported on in the body of the report.

Recommendation(s)

That Council receives the Statement of Comprehensive Income, Capital Expenditure Statement, Statement of Financial Position, Statement of Cash and Investments and the Investment Report for the period ended 31 May 2013.

SOURCE OF REPORT

Director Corporate Services Manager Financial Services Finance Team Leader

BACKGROUND

It is a requirement of the Local Government (Financial Management) Regulations 1996 (Clause 34) that a Local Government is to prepare and present to Council financial reports in such a form as the Local Government considers to be appropriate.

The 2012/2013 Budget was presented in a format that separated operating income and expenditure from other revenue and expenses to provide improved disclosure of Council's underlying operating result.

The financial summaries attached to this report provide an overview of year to date budget performance for operating activities and capital works.

Forecast reviews for 2012/2013 were undertaken during November 2012 and January 2013 and are reflected in the May 2013 financial reports.

A Statement of Financial Position is also provided with year to date actual balances compared with budget provisions and end of year forecasts for all balance sheet items.

REPORT

Outlined below are financial summaries for the period ended 31 May 2013. Where possible the year to date monthly budget allocations have been reviewed in order to match the appropriate timing for the various projects budgeted to be undertaken. This will provide a better comparison between the year to date actual and year to date budget figures.

Item 14.2 continued

Statement of Comprehensive Income - Nature and Type (refer Attachment 1)

The operating result from normal activities as at 31 May 2013 is a favourable variance of \$2,819,431. The following information is provided on key aspects of Council's financial performance:

<u>Operating</u> <u>Income</u>	Year to Date	An unfavourable variance of \$1,301,052 (3.44%).
	End of Year Forecast	A favourable variance of \$492,830 (1.19%).

Operating Income variances previously reported to Council:

- Year to date Operating Grants is \$372,779 (31.58%) below the year to date budget of \$1,180,316. The
 contributing factor to this variance is the \$388,000 grant sought from the Regional Funding Program for
 the hook lift bins and waste audit facility at Hazelmere. There is also a corresponding reduction in the
 costs which have not been incurred until the grant funds are received. The grant income has been
 carried forward into 2013/2014 annual budget.
- 2. Year to date Interest on Municipal Funds is \$224,088 (102.57%) above the year to date budget of \$218,473. This is partially offset by the Interest Earnings on Restricted Cash Investments which is \$166,381 below the year to date budget of \$1,955,547. Higher average interest rates than budgeted for the 2012/2013 financial year (4.90% compared to 4.43%) and lower than budgeted capital expenditure have resulted in interest earnings higher than budget.

The full year forecast for Interest on Municipal Funds is above the annual budget provision by \$117,262. This represents the value of change in the accrued interest as at 30 June 2013 that has been reallocated to Interest on Restricted Assets.

3. Year to date Other income of \$996,813 is \$538,359 (35.07%) below the year to date budget of \$1,535,172 due to the lower than budgeted income from the sale of products. The main contributing factors are the lower than budgeted woodwaste products sales (actual year to date income of \$362,050 compared to a budget of \$687,511) and a combined lower sales figures for Laterite and Bio-Clay products of \$85,639 against budget of \$275,903. At the half year review, it was forecast that by year end, Other income will be marginally above budget by \$10,271 (0.59%). However, with a month to go before the end of financial year, full year Other income is expected to be below budget.

There were no further significant Operating Income variances as at 31 May 2013.

<u>Operating</u> Expenditure	Year to Date	A favourable variance of \$4,120,483 (12.18%).
	End of Year Forecast	An unfavourable variance of \$160,588 (0.42%).

Operating Expenditure variances previously reported to Council:

1. Year to date Salary Expenses of \$6,877,155 is \$1,368,048 (16.59%) below the year to date budget provision of \$8,245,203.

The full year forecast of \$8,099,375 for salary expenses is \$1,057,827 (11.55%) lower than the annual budget provision of \$9,157,202. Both the year to date actual and full year forecast variances are attributable to budgeted positions that have not been filled together with a lower forecast of overtime costs compared to budget. This variance is predominantly due to the waste management operations where savings in salary expenses have been offset by an increase in the use of contract labour.

EMRC
Ordinary Meeting of Council 18 July 2013
Ref: COMMITTEES-15680

Item 14.2 continued

2. Contract Expenses of \$4,298,477 is \$1,819,430 (29.74%) lower than the year to date budget due predominantly to various projects for which expenditure to date is below budget or carried forward into the 2013/2014 financial year. Major variances include Undertake Engineering/Waste Management Special Projects - Regional Funding Program (\$388,000), Rehabilitate Class III Cells (\$429,652) and various Environmental Impact Monitoring projects at Red Hill (\$272,590). Other projects where the actual expenditures have come in lower than expected compared to the year to date budget for various business divisions are: Corporate Services activities (\$494,636), Environmental Services projects (\$234,552) and Regional Development projects (\$42,547).

This is offset by contract expenses associated with the removal and crushing of lateritic caprock at the Red Hill Waste Management Facility which is \$201,029 greater than the year to date budget. This was outlined in a report to Council at its meeting on 6 December 2012 (Ref: Committees-15034).

Full year Contract Expenses of \$8,548,955 have been forecast to be above the annual budget provision of \$7,356,790 by \$1,192,165 (16.20%). Significant variances are attributable to:

- An additional \$600,000 that has been forecast for the removal and crushing of lateritic caprock at the Red Hill Waste Management Facility, as outlined above and reported to Council in December 2012. This is now expected to be approximately \$220,000 below the forecast budget as at year end.
- An increase in Waste Management contract material and labour expenses of \$1,053,442 which is offset by a forecast reduction in wages and salary expenses of \$902,086.
- An increase in Regional Development contract material and labour expenses of \$195,640 which is partially offset by a forecast reduction in wages and salaries of \$110,789.
- These increases are partially offset by a reduction in forecast Contract Expenses for various Corporate Services activities (\$67,068) and Environmental Services activities (\$33,550).
- 3. Year to date Material Expenses of \$762,701 is \$318,022 (29.43%) below the year to date budget of \$1,080,723. Part of the variance relates to a lower than budgeted expenditure in the Rehabilitation of Class III Cells (\$17,251), Remediation of contaminated soils (\$20,000), Class III Cell Supply and Maintain Intermediate/Daily Cover (\$10,307). Other projects from Waste Services contribute a further \$86,608 to the variance. Additional variances include Governance and Corporate Services activities (\$124,902), Environmental Services projects (\$36,456) and Regional Development projects (\$20,958).

There were no further significant Operating Expenditure variances as at 31 May 2013.

*Other Revenues and Expenses (Net) Year to Date

A favourable variance of \$1,086,434 (18.70%).

End of Year Forecast An unfavourable variance of \$1,512,290 (17.44%).

Other Revenues and Expenses variances previously reported to Council:

- 1. The decrease in year end Operating Grant Income (\$2,250,000) is attributable to an operating grant from AusIndustry relating to the Hazelmere Resource Recovery Park Pyrolysis project that was budgeted but now will not be directly received by the EMRC.
- 2. Year to date Proceeds from Sale of Assets is \$90,407 (23.27%) below the year to date budget provision of \$388,452. This relates specifically to the timing of vehicles budgeted for change over during the 2012/2013 financial year that have not as yet attained the specified criteria for change over, together with lower than budgeted proceeds received for the sale of vehicles sold by auction during the year.

Item 14.2 continued

- 3. Year to date Salary Expenses is \$73,019 (26.01%) below the budget of \$280,786 and is forecast to be \$64,855 (20.78%) below the annual budget provision of \$312,116 by year end. This variance is due to the timing of recruiting for a vacant staff position and a lower than budgeted staff utilisation by the Resource Recovery Project. The vacant position has been filled at the end of January 2013.
- 4. Year to date Contract Expenses is \$347,248 (50.78%) below the budget of \$683,869 and is forecast to be \$102,000 (13.61%) below the annual budget provision of \$749,600 by year end. This relates to the timing of Resource Recovery Project consultancy contracts which will be carried forward to the 2013/2014 financial year.
- 5. Year to date Miscellaneous Expenses of \$45,319 is \$53,490 (54.13%) below the year to date budget of \$98,809. The full year Miscellaneous Expenses has been forecast to be \$32,500 (31.08%) below the annual budget of \$104,555. This variance relates to a lower than budgeted cost of the Resource Recovery Project Study Tour which was undertaken in October 2012.
- 6. The total change in Fair Value of Investments for the period ending 31 May 2013 and as at year end is a net gain of \$919,052. This is attributable to the disposal of CDO's in October 2012.

Unrealised gains or losses represent a fair market value measurement of the financial instruments during the period in which they are held, i.e. marked to market. It should be noted that actual gains or losses on financial instruments will not be realised until such time as the individual investments are sold.

No budget provision was included in the original budget as it is not possible to budget for an unrealised gain or loss from the change in fair value of investments. These valuations are dictated by market factors and as such a budget provision cannot be ascertained.

There were no further significant Other Revenues and Expenses variances as at 31 May 2013.

Capital Expenditure Statement (refer Attachment 2)

<u>Capital</u> Expenditure	Year to Date	A favourable variance of \$9,665,048.
	End of Year Forecast	A favourable variance of \$4,137,596.

Capital Expenditure variances:

A favourable variance of \$9,665,048 exists as at 31 May 2013 when compared to the year to date capital expenditure budget provision of \$22,900,544. The year to date budget provisions are used as a guide only as expenditure of a capital nature is undertaken as and when required.

Major capital expenditure to 31 May 2013 includes:

- Purchase Waste Management Land Red Hill Waste Disposal Site (\$6,712,821);
- Construct Class III Cell Farm Stage 2 Red Hill Landfill Facility (\$2,190,408);
- Purchase/Replace Plant Red Hill Waste Management Facility (\$1,769,003);
- Purchase/Replace Plant Hazelmere (\$554,757);
- Leachate Project Red Hill Landfill Facility (\$441,779);
- Purchase of Vehicles Ascot Place (\$345,556);
- Purchase Fire Fighting System/Equipment Hazelmere (\$303,383);
- Purchase/Replace Minor Plant & Equipment Red Hill Waste Management Facility (\$222,146);
- Purchase of Vehicles Red Hill Waste Management Facility (\$154,812); and
- Construct Hardstand and Road Hazelmere (\$139,276).

EMRC
Ordinary Meeting of Council 18 July 2013
Ref: COMMITTEES-15680

Item 14.2 continued

The full year Capital Expenditure has been forecast to be below the annual budget by \$4,137,596 (17.18%).

Significant variances to current capital budgets are attributable to:

- A reduction of \$3,024,000 for the construction of the pyrolysis structure, inclusive of infrastructure, plant and equipment costs, at the Hazelmere site which will be carried forward into the 2013/2014 financial year. This is attributable to the protracted nature in the grant application process with AusIndustry and the need to defer the timing of this expenditure until the grant is received.
- A reduction of \$600,000 for the construction of the C & I Building (\$450,000) and the weighbridge (\$150,000) associated with the Resource Recovery Park project at the Hazelmere site which will be carried forward into the 2013/2014 financial year. This is attributable to the need to obtain quotations for the design work and to conduct an audit of the waste stream.
- A reduction of \$450,000 for the construction of a water storage dam at the Red Hill Waste Disposal Facility with the capital expenditure being carried forward into the 2013/2014 financial year. The water storage dam was originally planned to be sited to the east of the current landfill, but, following the acquisition of Lots 8, 9 and 10 at Red Hill, a redesign is required to ensure access to the water within those lots.
- A reduction of \$150,000 for the construction of a Class III leachate pond at the Red Hill Waste Disposal Facility with the capital expenditure being carried forward into the 2013/2014 financial year. The construction of the proposed leachate pond has been deferred until the effectiveness of the floating covers project has been determined.
- An increase of \$131,618 for capital expenditure for works associated with the leachate project at the Red Hill Waste Disposal Facility as a result of tenders that were received for the manufacture and installation of floating leachate pond covers that were higher than the budget provision. This was previously reported to Council at its 6 December 2012 meeting (Ref: Committees-14954).
- A reduction of \$130,000 for the construction of siltation ponds at the Red Hill Waste Disposal Facility
 with the capital expenditure being carried forward into the 2013/2014 financial year. The construction
 of the siltation pond has been deferred until the Red Hill Farm Stage 2 Class III Cell has been
 completed.
- An increase of \$123,000 for the purchase of land at the Red Hill Waste Management Facility. This
 variance relates to the Deed of Call interest payment costs associated with the purchase of Lots 8, 9
 and 10 at Red Hill. It was budgeted that settlement would occur in September 2012. This is offset by
 the interest earned on the principal up to the settlement date in December 2012.

Statement of Financial Position (refer Attachment 3)

The Statement of Financial Position shows the overall impact of actual balances compared with budget provisions and end of year forecasts for operating and capital works activities.

It has been forecast that Total Equity as at 30 June 2013 will be below the original budget of \$89,340,530 by \$1,180,048.

Statement of Cash and Investments (refer Attachment 4)

The level of cash and investments in the Municipal fund as at 31 May 2013 is \$13,895,629 and Restricted Assets amount to \$40,035,163. This figure is net of cumulative unrealised losses of \$601,485 which have been provided for in this amount.

The net movement for the month is an increase of \$719,826.

Investment Report (refer Attachment 5)

Term deposits which matured in the month of May 2013 were reinvested into further term deposits together with additional surplus funds.

~

Item 14.2 continued

STRATEGIC/POLICY IMPLICATIONS

Key Result Area 4 - Good Governance

- 4.3 To provide responsible and accountable governance and management of the EMRC
- 4.4 To continue to improve financial and asset management practices

FINANCIAL IMPLICATIONS

As outlined in the attached financial reports.

SUSTAINABILITY IMPLICATIONS

Nil

ATTACHMENT(S)

- 1. Statement of Comprehensive Income by Nature and Type (Ref: Committees-15818)
- 2. Capital Expenditure Statement (Ref: Committees-15819)
- 3. Statement of Financial Position (Ref: Committees-15820)
- 4. Statement of Cash and Investments (Ref: Committees-15821)
- 5. Investment Report (Ref: Committees-15822)

VOTING REQUIREMENT

Simple Majority

RECOMMENDATION(S)

That Council receives the Statement of Comprehensive Income, Capital Expenditure Statement, Statement of Financial Position, Statement of Cash and Investments and the Investment Report for the period ended 31 May 2013.

COUNCIL RESOLUTION(S)

MOVED CR ZANNINO

SECONDED CR FÄRDIG

THAT COUNCIL RECEIVES THE STATEMENT OF COMPREHENSIVE INCOME, CAPITAL EXPENDITURE STATEMENT, STATEMENT OF FINANCIAL POSITION, STATEMENT OF CASH AND INVESTMENTS AND THE INVESTMENT REPORT FOR THE PERIOD ENDED 31 MAY 2013.

CARRIED UNANIMOUSLY

- 1. User Charges include member Councils and casual users pertaining to waste, risk management and environmental services fees and charges;
- 2. Special Charges Waste Education Levy;
- 3. Contributions member Councils' contributions to projects and services;
- 4. Operating Grants grant income predominantly from government agencies; and
- 5. Miscellaneous Expenses includes the Landfill Levy expense of \$8,626,025 as at 31 May 2013.

Operating Income and Expenditure relates to the ordinary operations of the organisation.

Other Revenues and Expenses relates to the Resource Recovery Project, interest from cash reserves and disposal of assets.

(F) denotes Favourable variance and (U) denotes Unfavourable variance

EMRC Investment Report

May 2013

NB: This report is consistent with the reporting requirements of the Policy 3.3 - Management of Investments Policy

14.3 MEMBERS' AND CHAIRMAN'S ATTENDANCE FEES AND ALLOWANCES

REFERENCE: COMMITTEES-15809

PURPOSE OF REPORT

To review the attendance fees and allowances of the Chairman, Deputy Chairman, Members and Deputies to Members.

KEY ISSUES AND RECOMMENDATION(S)

- The Salaries and Allowances Tribunal (SAT) has released its determination of fees, allowances and expenses for Local Government elected council members.
- This is the first independent determination of fees, allowances and expenses which were set in 1996 and last adjusted in 2005.
- The Department of Local Government and Communities has recommended that all local governments conduct a review of fees, allowances and expenses as soon as possible in the 2013/2014 financial year to ensure that these amounts are consistent with current SAT determinations.
- While the existing EMRC fees and allowances are within the SAT determinations, Council may wish to review the amounts paid to Councillors and Deputy Councillors.

Recommendation(s)

That Council, by absolute majority, in accordance with section 5.98, 5.98A and 5.99 of the *Local Government Act 1995*, determines the amount to be paid for Council and Committee meeting attendance fees and the Chairman and Deputy Chairman's annual local government allowance effective from 1 July 2013 as follows:

EMRC FEES	
Annual Fee - Members (other than Chairman)	\$ per annum
Annual Fee - Chairman	\$ per annum
Council Attendance Fee - Deputies of Members	\$ per meeting
Annual Local Government Allowance - Chairman	\$ per annum
Annual Local Government Allowance - Deputy Chairman	25% of amount payable to Chairman

SOURCE OF REPORT

Chief Executive Officer
Director Corporate Services
Manager Administration & Compliance

BACKGROUND

Section 5.63(1)(c) of the Local Government Act 1995 (the Act) states that interests relating to fees, reimbursement of expenses or an allowance to which S 5.98, 5.98A, 5.99, 5.99A, 5.100 or 5.101(2) refers, do not have to be disclosed i.e. those relating to Councillors, Deputy Councillors and payments for committee members, etc.

Item 14.3 continued

In accordance with EMRC Policy 1.3 Members' and Chairman's Fees and Allowances (Attachment), payments are made as follows:

- "1. That payments be made as follows:
- To members, other than the Chairman, an annual fee for attending meetings (s5.99);
- To the Chairman, an annual fee for attending meetings (s5.99);
- To the Chairman, an annual local government allowance (s5.98(5));
- To the Deputy Chairman, an annual local government allowance of 25% of the amount payable to the Chairman (s5.98A);
- To deputies of members when the deputy is deputising for a member at a meeting the prescribed maximum fee payable to a member for attending a meeting (s5.98(1))."

The current Member's and Chairman's fees are as follows:

	EMRC Fees
Annual Fee - Members (other than Chairman)	\$7,000 per annum
Annual Fee - Chairman	\$14,000 per annum
Attendance Fee - Deputies of Members	\$140 per meeting
Annual Local Government Allowance - Chairman	\$6,000 per annum
Annual Local Government Allowance - Deputy Chairman	25% of amount payable to Chairman

REPORT

The Salaries and Allowances Tribunal (SAT) has completed its review of fees, allowances and expenses for elected council members of Local Governments throughout Western Australia and has now made its determinations. The determinations, which will operate from 1 July 2013, establish a scale of payments and provisions for reimbursement of expenses in accordance with the Local Government Act 1995 (the Act) and the Local Government (Administration) Regulations 1996.

Per the Department of Local Government and Communities Circular No. 16-2013, these determinations must be used by local governments as the basis for setting fees and allowances payable to elected members from 1 July 2013.

Local governments were previously advised via Ministerial Circular 04-2013 that the Local Government (Administration) Amendment Regulations 2012 (the Regulations) would come into operation after the end of June. On 1 July 2013, the Regulations will remove the current prescribed amounts for elected member meeting attendance fees and allowances. These prescribed amounts will be replaced by a requirement to comply with the SAT determinations.

As a result, the EMRC is conducting a review of fees, allowances and expenses to ensure that these amounts are consistent with current SAT determinations albeit all existing EMRC fees and allowances are within the SAT determinations.

1. Councillor and Deputy Councillor Meeting Attendance Fees

In accordance with Council Policy 1.3 Member's and Chairman's Fees and Allowances and pursuant to section 5.99 of the Act, the EMRC pays councillors a set annual fee for attending meetings. The EMRC Establishment Agreement provides for each participant to appoint one of its members to deputise for either of its EMRC members in the event that they are unable to attend a meeting of the EMRC. Under the current policy, Deputies of Members are being paid the prescribed maximum fee for a member when the Deputy is deputising for a member at a council meeting.

Item 14.3 continued

The current EMRC payments to Councillors and Deputy Councillors are within the range of the SAT determination.

The following table compares the current EMRC payments that have been adopted by Council to the range allowable under the Act for a regional local government:

	Current EMRC fees	SAT determined range	
		Minimum	Maximum
Annual Fee – members (other than Chairman)	\$7,000 per annum	\$1,750 per annum	\$10,000 per annum
Annual Fee – Chairman	\$14,000 per annum	\$1,750 per annum	\$15,000 per annum
Council Attendance fee – Deputies of Members	\$140 per meeting	\$88 per meeting	\$225 per meeting

2. Chairman and Deputy Chairman Annual Allowance

Pursuant to section 5.98(5) of the Act, the chairman of a regional local government is entitled, in addition to any fees or reimbursement of expenses payable under section 5.98(1) or (2), to be paid the annual allowance set by the regional local government.

The percentage determined for a deputy chairman is 25 per cent of the amount payable to the chairman for the purposes of section 5.98A(1) of the Act.

The current allowances paid to the Chairman and Deputy Chairman are within the range of the SAT determination. The following table compares the current allowances adopted by Council to the range allowable determined by SAT for a regional local government:

	Current EMRC fees	SAT determined range	
		Minimum	Maximum
Annual allowance - Chairman	\$6,000 per annum	\$500 per annum	\$19,000 per annum
Annual allowance – Deputy Chairman	25% equivalent to \$1,500 per annum	25% equivalent to \$125 per annum	25% equivalent to \$4,750 per annum

It is recommended that Council determines the amount to be paid for the annual meeting fees for Councillors and the meeting fee payable to Deputy Councillors as well as the Chairman and Deputy Chairman's annual local government allowance.

Per the directive from the Department of Local Government and Communities, any amendments made to elected member fees, allowances and expenses resulting from a review will apply from 1 July 2013 to ensure compliance with the Regulations.

EMRC Policy 1.3 Members' and Chairman's Fees and Allowances Policy (Ref: Committees-15865)

VOTING REQUIREMENT

Absolute majority

RECOMMENDATION

That Council, by absolute majority, in accordance with section 5.98, 5.98A and 5.99 of the *Local Government Act 1995*, determines the amount to be paid for Council and Committee meeting attendance fees and the Chairman and Deputy Chairman's annual local government allowance effective from 1 July 2013 as follows:

	EMRC FEES
Annual Fee - Members (other than Chairman)	\$ per annum
Annual Fee - Chairman	\$ per annum
Council Attendance Fee - Deputies of Members	\$ per meeting
Annual Local Government Allowance - Chairman	\$ per annum
Annual Local Government Allowance - Deputy Chairman	25% of amount payable to Chairman

Ref: COMMITTEES-15680

Item 14.3 continued

Cr Radford explained that by setting all attendance fees and allowances to the maximum, it would obviate the need to seek Council approval each time the Salaries and Allowances Tribunal (SAT) determined new fees.

COUNCIL RESOLUTION

MOVED CR RADFORD

SECONDED CR ZANNINO

THAT COUNCIL, BY ABSOLUTE MAJORITY, IN ACCORDANCE WITH SECTION 5.98, 5.98A AND 5.99 OF THE *LOCAL GOVERNMENT ACT 1995*, DETERMINES THE AMOUNT TO BE PAID FOR COUNCIL AND COMMITTEE MEETING ATTENDANCE FEES AND THE CHAIRMAN AND DEPUTY CHAIRMAN'S ANNUAL LOCAL GOVERNMENT ALLOWANCE EFFECTIVE FROM 1 JULY 2013 AS FOLLOWS:

	EMRC FEES
ANNUAL FEE - MEMBERS (OTHER THAN CHAIRMAN)	MAXIMUM
ANNUAL FEE - CHAIRMAN	MAXIMUM
COUNCIL ATTENDANCE FEE - DEPUTIES OF MEMBERS	MAXIMUM
ANNUAL LOCAL GOVERNMENT ALLOWANCE - CHAIRMAN	MAXIMUM
ANNUAL LOCAL GOVERNMENT ALLOWANCE - DEPUTY CHAIRMAN	MAXIMUM

CARRIED BY AN ABSOLUTE MAJORITY 12/0

1.3 Members' and Chairman's Fees and Allowances Policy

STRATEGIC PLAN OBJECTIVE

4.6 To provide responsible and accountable governance and management of the EMRC

PURPOSE

To establish the fees and allowances that will be paid to the Chairman, Deputy Chairman, council members and deputy council members.

LEGISLATION

Local Government Act (1995) s5.98 - 5.99A Local Government (Administration) Regulations 1996, Reg. 30, 33, 33A and 34.

POLICY STATEMENT

- 1. That payments be made as follows:
 - To members, other than the Chairman, an annual fee for attending meetings (s5.99);
 - To the Chairman, an annual fee for attending meetings (\$5.99);
 - To the Chairman, an annual local government allowance (s5.98(5));
 - To the Deputy Chairman, an annual local government allowance of 25% of the amount payable to the Chairman (s5.98A);
 - To deputies of members when the deputy is deputising for a member at a meeting the prescribed maximum fee payable to a member for attending a meeting (s5.98(1)).
- That the policy of quarterly payments in arrears be applied so that the above payments are made to the Chairman, Deputy Chairman and members at intervals of approximately 3 months during his or her term of office with the last payment becoming payable on the day prior to the next ordinary local government elections.
- 3. That the fees and allowances payable to the Chairman, Deputy Chairman and members be reviewed, each second year when the terms of office of members expire, in conjunction with the adoption of the annual budget.

14.4 CLOSURE OF EMRC FACILITIES FOR THE CHRISTMAS/NEW YEAR PERIOD 2013/2014

REFERENCE: COMMITTEES-15833

PURPOSE OF REPORT

The purpose of this report is to seek approval from Council for the closure of EMRC facilities over the 2013/2014 Christmas/New Year period.

KEY ISSUES AND RECOMMENDATION(S)

- In previous years the Ascot Place Administration Office has closed over the Christmas/New Year period.
- · Waste Management Facilities have closed for a more limited period of time over the Christmas/New Year period in previous years.

Recommendation(s)

That Council approves:

- 1. The Ascot Place Administration Office being closed from 5pm Friday 20 December 2013 and on each day thereafter until it re-opens on Monday 6 January 2014.
- 2. The Hazelmere Recycling Centre being closed from 3pm Monday 23 December 2013 and on each day thereafter until it is re-opened on Monday 6 January 2014.
- 3. The Red Hill Waste Management Facility being closed on Christmas Day (Wednesday 25 December 2013) and New Year's Day (Wednesday 1 January 2014).
- 4. The Coppin Road and Mathieson Road Transfer Stations (Shire of Mundaring) being closed on Christmas Day (Wednesday 25 December 2013), Boxing Day (Thursday 26 December 2013) and New Year's Day (Wednesday 1 January 2014).
- 5. The advertising of the Christmas and New Year closure times for the EMRC facilities.

SOURCE OF REPORT

Director Corporate Services Manager Human Resources

BACKGROUND

Council at its meeting on 8 December 1994 resolved that the Red Hill Waste Management Facility close on Christmas Day, New Year's Day and Good Friday of each year. Consequently over the Christmas/New Year period, the Red Hill Waste Management Facility was closed on Christmas Day and New Year's Day.

It has been the practice in previous years to also close the Ascot Place Administration Office during the Christmas and New Year period and to close the Hazelmere Recycling Centre between Christmas Day and New Year's Day.

In 2012/2013, the Ascot Place Administration Office was closed from Friday 21 December 2012 and reopened on Wednesday 2 January 2013. The Hazelmere Recycling Centre was closed from Friday 21 December 2012 and re-opened on Wednesday 2 January 2013.

In consultation with the Shire of Mundaring, the Coppin Road and Mathieson Road Transfer Stations were closed on Christmas Day, Boxing Day, and New Year's Day over the past two years.

EMRC
Ordinary Meeting of Council 18 July 2013
Ref: COMMITTEES-15680

Item 14.4 continued

REPORT

Christmas and New Year's Day represent an opportune time for Ascot Place administration staff to take extended leave to spend time with their families or take an extended holiday especially with the Council recess over the December/January period.

As Christmas and New Year's Day this year both fall in the middle of the week (Wednesday), it presents an ideal time, from a leave management perspective, for Ascot Place Administration to reduce their leave liability with minimum impact on productivity and service delivery.

Consequently, it is proposed that the Ascot Place Administration Office be closed from 5pm on Friday 20 December 2013 and re-open on Monday 6 January 2014. As most enquires during this period of closure would relate to waste disposal and can be best handled at the Red Hill Waste Management Facility, it is considered that clients and/or the general public will not be inconvenienced by this arrangement.

As it is not feasible to close the Hazelmere Recycling Centre for 7 working days, it is proposed that the Hazelmere Recycling Centre be closed from 3pm on Monday 23 December 2013 and re-open on Monday 6 January 2014.

EMRC officers would be required to make appropriate leave arrangements during this period utilising time in lieu, annual leave, or accrued rostered days off. Christmas Day, Boxing Day and New Year's Day public holidays will be observed on Wednesday 25 December 2013, Thursday 26 December 2013 and Wednesday 1 January 2014 respectively.

The EMRC Council resolved that the Red Hill Waste Management Facility close on Christmas Day, New Year's Day and Good Friday of each year at its meeting on 8 December 1994. It is proposed that this continues with the Red Hill Waste Management Facility being closed on Christmas Day (Wednesday 25 December 2013) and New Year's Day (Wednesday 1 January 2014) for the upcoming Christmas/New Year period.

The EMRC operates the Coppin Road and Mathieson Road Transfer Stations on behalf of the Shire of Mundaring. In consultation with the Shire of Mundaring and in accordance with the Site Management Agreement, the Transfer Stations will be closed on Christmas Day (Wednesday 25 December 2013), Boxing Day (Thursday 26 December 2013) and New Year's Day (Wednesday 1 January 2014) for the Christmas period 2013/2014.

PURPOSE OF REPORT

To inform the Technical Advisory Committee of an article from "Inside Waste" regarding future carbon pricing.

KEY ISSUE(S)

- The future of the Carbon Pricing Mechanism (CPM) is dependent on the outcome of the federal election on 14 September 2013.
- The Coalition has committed to repeal the clean energy legislation that enacted the CPM.
- There are consequential implications of a repeal of the CPM to the waste sector.

SOURCE OF REPORT

Acting Director Waste Services

BACKGROUND

Information Bulletin item 1.1 of the 17 November 2011 TAC agenda provided an update on the implications of the Carbon Price on the EMRC's waste management operations (Ref: Committees-13328).

REPORT

An article by Damon Jones, Eliza de Wit and Noni Shannon from the June 2013 "Inside Waste" journal is attached for information. It discusses the possible repeal of the carbon pricing mechanism under a future Coalition Government, implications for the waste sector, the direct action alternative of the Coalition and opportunities under the Carbon Farming Initiative.

STRATEGIC/POLICY IMPLICATIONS

Key Result Area 1 - Environmental Sustainability

- 1.1 To provide sustainable waste disposal operations
- 1.5 To contribute towards improved regional air, water and land quality and regional biodiversity conservation
- 1.6 To address climate change issues within the region

FINANCIAL IMPLICATIONS

MEMBER COUNCIL IMPLICATIONS

ATTACHMENT(S)

Inside Waste - Implications of Carbon Price Repeal (Ref: Committees-15832)

Attachment TAC/Council 4-18 July 2013 Item 1.1

Implications of a carbon price repeal

By Damon Jones, Elisa de Wit and Noni Shannon

THE future of the Carbon Pricing Mechanism (CPM) is largely dependent upon the outcome of the election on September 14.

The Coalition has committed itself to repealing the clean energy legislative package that enacted the CPM, with Opposition Leader Tony Abbott indicating "legislation to repeal the carbon tax will be the first piece of legislation the Coalition will introduce".

Labor, unsurprisingly, remains loyal to the CPM and Climate Change Minister Greg Combet has committed the party to refusing to ever support an Abbott government's attempt to repeal it.

This article considers the likely process and timing scenarios for a full repeal or amendment of the CPM and the consequential implications for the waste sector.

The politics and process of repeal

In our view, repealing the CPM is likely to be more difficult in practice than in theory. As has been widely identified, including by Bloomberg New Energy Finance, there are several parliamentary avenues for the Coalition to achieve its goal. All assume the Coalition is successful at the election:

- (1) The Coalition wins a majority in both the House of Representatives and the Senate:
- (2) The Coalition wins a majority in the House of Representatives and is able to achieve a majority in the Senate with the support of cross-benchers (ie the independents);
- (3) The Coalition wins a majority in the House of Representatives but fails to obtain control of the Senate, however Labor does not oppose the legislation repealing the CPM on the basis of the Coalition's election mandate; or
- (4) The Coalition holds the majority in the House of Representatives, but does not control the Senate and is required to go to a double dissolution election in order to repeal the CPM legislation.

The Coalition has indicated if it wins government it will have a repeal bill ready for consideration by Parliament within one month of "day one", which is presumably September 16.

Assuming it sticks to this deadline, the repeal bill would be ready on October 16 and could be introduced to Parliament on October 28.

How quickly could repeal happen?

Although the repeal bill could, in theory, be passed in both houses on

The September election will settle the parliamentary tactics around pricing carbon.

October 28, it is more likely to take several months given the controversial nature of the CPM, the complexity of the clean energy legislative package that underpins it and the significant impact that repeal would have.

There are also likely to be a number of procedural steps in the parliamentary process that slow down its passage, including possible referral to a standing or select committee, debate on the bill, the moving of amendments and time delays due to standing orders.

Even if the half-Senate election (on September 14) results in the Coalition gaining control of the Senate, this does not take effect until the newly elected senators take their seats on July 1, 2014, after half of the existing senators retire.

Therefore, the only scenario in which the repeal bill could be passed before the end of the 2013-14 CPM compliance year is if Labor accepts a new Coalition government has a mandate to repeal the CPM and agrees to support its passage.

In our view, a more likely scenario if the Coalition wins control of both the house and the Senate is that it will have to wait until the new Senate is formed before commencing the legislative process to introduce the repeal bill. This would mean that the CPM would remain in place until at least mid-2014.

In either scenario, we think it is likely to take several months for any repeal to become effective because there would need to be a transitional period put in place to allow businesses to get their affairs in order, given the significant impact of a repeal.

In particular, in our view it may be difficult for the Coalition to unwind the

CPM midway during a compliance year.

If the Coalition does not gain control of the Senate (or have the support of the cross-benchers) and Labor refuses to support the repeal bill, the remaining scenario for repeal is via a double dissolution election.

The fastest possible time frame for repeal via the double dissolution avenue is likely to be approximately 8-9 months from the election, but it could potentially extend several months longer than this. This would mean that a repeal would be unlikely to take place until some time during the 2014-15 CPM compliance year.

Other opportunities and obstacles

The challenges the Coalition faces with regard to the politics and process of repealing the CPM may mean a full repeal is not politically possible. There have been a number of mooted options as to how, and even whether, the Coalition could seek to amend the CPM so that it no longer had any legal effect.

Possible ways the Coalition could seek to alter or amend the CPM include:

- A) Removing the fixed price period and moving to flexible pricing before July 1, 2015;
- B) Increasing the liability emissions threshold so no entities are liable;
- C) Changing fixed price units to \$0;
- D) Reducing the unit shortfall charge to \$0:
- E) Over supplying carbon allowances;
- F) Setting the price ceiling to zero;
- G) Instructing the Clean Energy Regulator (CER) to halt implementation and enforcement of the CPM;
- F) Halting funding to the CER; or
- G) Not proceeding with auctions.

The majority of these options would require amendments to the Clean Energy Act or associated primary legislation. The few options that do not require legislative amendments, such as direction to the CER to halt implementation, would be counter to the objectives of the CE Act or related legislation and are therefore likely to be resisted.

On this basis, it would appear Labor, with the support of the Greens and the independents, has done a good job of producing an "Abbott-proof fence" and the CE Act has been well designed to protect the CPM against any significant amendment. There is no clean way for the Coalition to simply amend the CPM through regulation or legislative instruments so that it no longer functions as originally designed.

Therefore, the Coalition would need to pass primary legislation to amend the CE Act and would face the same political and timing hurdles as for the full repeal option.

The Direct Action alternative

Following the election the Coalition intends to implement its Direct Action Plan in place of the repealed CPM. The principal plank of Direct Action is the establishment of an Emissions Reduction Fund (ERF).

Through the ERF, the Coalition will invite businesses, through an auction process, to tender for projects that will reduce greenhouse emissions. The ERF will use the existing NGERS to determine proposed emissions reductions beyond overall base levels already determined by individual firms. It will also be possible for business, not already covered by NGERS, to opt-in to benefit from the fund.

More recently, Coalition climate change spokesman Greg Hunt has advised that the ERF will be distributed through the existing Carbon Farming Initiative (CFI) framework.

This will enable abatement action to be accredited through a similar process to the existing CFI methodologies. However, the intention is that more activities than are currently covered by the CFI will be able to participate. Such an example would be energy efficiency activities.

It is currently unclear how much more detail will be provided by the Coalition on its Direct Action policy prior to the election. The Coalition has stated it will undertake a White Paper policy development process if it is successful at the election.

Experience would indicate the steps associated with the development, consultation and subsequent legislative process will take some time, possibly at least six months.

Implications for the waste sector

First and foremost, liable entities under the CPM must ensure they continue to put in place arrangements to comply with the CE Act and associated legislation, such as the National Greenhouse and Energy Reporting Act. In relation to landfill facilities that are liable entities under the CPM, the CER has recently confirmed that landfills will in most cases not be subject to the June 17 deadline to report interim emission numbers (IEN) and surrender Australian carbon units equivalent to 75% of their liability for 2012-13.

This is because an IEN is not required where a facility is expected to have less than 35,000 tonnes of carbon dioxide equivalent of "covered emissions" (ie non-legacy waste emissions) in a relevant compliance year, which will be the case for most if not all landfills in 2012-13.

Further, landfills are unlikely to have an IEN for the 2013-14 compliance year unless their covered emissions are over 35,000 tonnes for that year. Accordingly, the first surrender date for any landfill is likely to be February 2015. Whether this surrender date will ultimately take place will depend upon the various post-election scenarios outlined above.

The CE Act does not regulate the passing on of the carbon price or any associated costs to landfill customers. Accordingly, whether or not these costs can be passed on will usually be determined by the individual contractual

One avenue the waste sector may wish to explore with a new Coalition government is whether landfill projects under the CFI could be extended to recognise emissions from non-legacy waste.

arrangements with customers. Landfill owners and their customers will need to examine existing contracts to ascertain whether the contracts contemplate what should happen in the event of a repeal of the CPM. If no arrangements are included, appropriate amendments may be required.

Opportunities under the CFI

Although there is evidence that CFI activity is continuing to grow in the lead up to the election, the uncertainty about the CFI's form and place in the post-election climate change policy framework creates a number of challenges for businesses trying to include the CFI in their carbon response or investment strategies.

For waste sector participants, CFI opportunities mainly relate to projects involving the capture of landfill gas beyond regulatory baseline conditions or waste diversion activities that took place between July 1, 2010 and June 30, 2012.

Given the CPM currently provides the domestic compliance market for Australian carbon credit units (ACCUs), a repeal or equivalent of the CPM is likely to impact on the demand and therefore the price of ACCUs in the Australian market. It is possible that the Coalition would become the sole buyer of ACCUs under its ERF, but the volume and prices associated with any such purchases are hard to predict without further details being known.

In the event the CPM is repealed after the election, one avenue the waste sector may wish to explore with a new Coalition government is whether landfill projects under the CFI could be extended to recognise emissions from non-legacy waste given that these would no longer be "covered emissions".

9 REPORTS OF OFFICERS

9.1 TENDER 2012/11 SUPPLY AND DELIVERY OF ALTERNATIVE DAILY COVER SLURRY DRY MIXES

REFERENCE: COMMITTEES-15799

PURPOSE OF REPORT

To advise Council of the results of the tender for the supply and delivery of alternative daily cover slurry dry mixes for the Red Hill Waste Management Facility, and recommend acceptance of the tender from Odour Control Systems International Limited.

KEY ISSUES AND RECOMMENDATION(S)

- A tender for the supply and delivery of alternative daily cover slurry dry mixes was advertised in the West Australian newspaper on 25 May 2013.
- Tenders closed on 7 June 2013. Two submissions were received.
- The tender called for the supply and delivery of alternative daily cover slurry dry mixes for the Red Hill Waste Management Facility.

Recommendations

That:

- Council award Tender 2012/11 to Odour Control Systems International Limited for the period 19 July 2013 to 18 July 2016 in accordance with the table of charges in the attachment to this report with an option of two single year extensions, exercisable by the CEO subject to satisfactory performance.
- 2. The contract rates for Tender 2012/11 be adjusted annually using the Consumer Price Index for Perth for the March guarter.

SOURCE OF REPORT

Acting Director Waste Services
Manager Engineering/Waste Services

BACKGROUND

For the last two and a half years Red Hill operations have been using an alternative daily cover to cover the exposed waste at the tip face at the end of each day. The alternative daily cover is less than 5mm thick and reduces the use of clay for cover material at a thickness of about 300mm, thus saving on landfill airspace.

Contract 2009-12, awarded to Odour Control Systems for the supply of and delivery of alternative daily cover slurry for the Red Hill Waste Management Facility recently came to an end of its term. As a result a new tender process had to be called.

REPORT

When the new tender specifications were developed it was decided to expand and also include intermediate cover as well as long term cover products. This will provide Red Hill operations with more flexibility with cover options that may last as long as two years and will not be restricted with the conventional daily cover that will only last up to 7 days.

Item 9.1 continued

Documents were prepared and a Request for Tender, RFT 2012-11, was advertised in the West Australian newspaper on 25 May 2013 and online at the EMRC Tenderlink Website. By the closing date of 7 June 2013, two submissions were received as follows:

- Shayler Pty Ltd at Fred Zarb Family Trust trading as Grass Growers; and
- Odour Control Systems International LTD (Australia).

Rates were submitted by both tenderers for the supply of dry mix material for (1) Daily Cover, (2) Intermediate Cover and (3) Long Term Cover.

The submissions were assessed based on the following assessment criteria:

- 1) <u>Environmental impacts</u> The tenderer is to provide documentation regarding quality of rain water run-off, flammability of product, water permeability rate, and volatile organic carbon (VOC) suppression tests;
- 2) <u>Health & Safety</u> The tenderer is to provide details so as to demonstrate that their products are not harmful to the environment as well as harmful or hazardous to operators handling the products;
- 3) Relevant Experience The tenderer is to provide details regarding their assistance / involvement at other landfills where ADC products are used, as well as their capacity to supply products;
- 4) <u>Suitability of Products</u> The tenderer is to demonstrate that ADC products on offer are suitable to be used with the EMRC's equipment;
- 5) <u>Suitability of Products</u> Where applicable (and available) the product is to demonstrate low flammability, low (or nil) free water, vapour suppression capabilities, water permeability rates and toxicity characteristic leaching procedure (TCLP) tests and reports; and
- 6) Tendered Price.

An assessment on the qualitative criteria was carried out by a panel, with each panellist independently scoring the tenders according to the evaluation matrix. The evaluation resulted in identifying Odour Control Systems International Limited scoring highest in the overall ranking and the lowest priced tender.

Consequently, Odour Control Systems International Limited is recommended as the preferred tenderer.

STRATEGIC IMPLICATIONS

Key Result Area 1 – Environmental Sustainability

- 1.1 To provide sustainable waste disposal operations
- 1.4 To investigate leading edge waste management practices

Key Result Area 4 – Good Governance

4.4 To continue to improve financial and asset management practices

FINANCIAL IMPLICATIONS

On the operating budget for 2013/2014 an allowance of \$250,000 was made for the procurement of alternative daily cover material. Based on the number of bags of ProGaurd IIB and of fibre used during the 2012/2013 financial year and the tender prices received from Odour Control Systems International Limited, the budget of \$250,000 will be sufficient to cover the material procurement costs for 2013/2014.

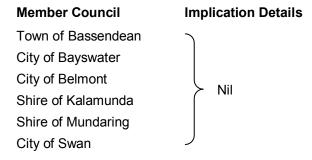

Item 9.1 continued

SUSTAINABILITY IMPLICATIONS

Providing a daily cover for landfill waste is important to reduce the environmental impact of the waste disposal operations and is furthermore required by the EMRC's license conditions at Red Hill. Alternative daily cover consumes significantly less airspace and clay than conventional daily cover, therefore extending the life of the landfill.

MEMBER COUNCIL IMPLICATIONS

9.2 WASTE AND RECYCLE CONFERENCE SEPTEMBER 2013

REFERENCE: COMMITTEES-15812

PURPOSE OF REPORT

To advise Council of the upcoming Waste & Recycle 2013 conference being held in Fremantle on 10-13 September 2013 at The Esplanade Hotel, Fremantle.

KEY ISSUES AND RECOMMENDATION(S)

• The WA Waste & Recycle Conference is to be held in Fremantle between 10-13 September 2013. **Recommendation(s)**

That:

- 1. Councillors and officers note the dates of the forthcoming conference.
- 2. Councillor(s) _____ be authorised to attend the WA Waste & Recycle 2013 Conference.
- 3. Two places be offered to the Waste Management Community Reference Group (WMCRG) in the event that some members may wish to attend.

SOURCE OF REPORT

Acting Director Waste Services

BACKGROUND

Advice has been received that the WA Waste and Recycle 2013 Conference is to be held between 10-13 September 2013 at The Esplanade Hotel Fremantle and that the theme of the conference is "Revolution in Roles and Responsibilities".

REPORT

The WA Waste & Recycle Conference is an annual event which caters to those involved in waste management, resource recovery and recycling. In 2012, five EMRC Councillors and one WMCRG member attended the Waste & Recycle Conference.

The theme for 2013 is "Revolution in Roles and Responsibilities". This will include topics on meeting and managing expectations, how to get commitment at a community, Local, State or Federal Government level, and managing difficult wastes. The preliminary programme is attached for information (Attachment 1).

Registration includes access to internal exhibition displays, the opportunity to hear three international and several interstate keynote speakers and networking opportunities over morning and afternoon tea breaks and lunch. Attendance also allows for participants to share experience and knowledge with peers on previous achievements and successes and network with others in the waste and recycling industry.

Item 9.2 continued

The tours and workshops this year include:

- Instant Waste's new C&D MRF;
- Dicom and WMRC tour;
- SMRC alternative waste;
- Tamala Park Landfill;
- Rottnest Island Tour;
- Swan Valley Tour;
- Waste 101 tour and workshop;
- Planning workshop; and
- Community expo.

The 2013 Waste and Recycle Conference will again feature a Waste Authority's breakfast and the keynote speakers include Bruce Howie (HDR (Energy from Waste consultants), USA), Dr Stuart Wagland (lecturer in renewable energy, Cranfield University, UK), Bea Johnson (author of Zero Waste Home, USA). There will also be a keynote speaker on extended producer responsibility and special guest speaker Dr Karl Kruszelnicki.

The conference programme covers a range of issues that are generally of interest to the EMRC. The 2013 conference assessment form is attached (Attachment 2) as is the conference registration form (Attachment 3).

STRATEGIC/POLICY IMPLICATIONS

Key Result Area 1 – Environmental Sustainability

- 1.1 To provide sustainable waste disposal operations
- 1.2 To improve regional waste management
- 1.3 To provide resource recovery and recycling solutions in partnership with member Councils
- 1.4 To investigate leading edge waste management practices

Two of the host organisations are WALGA and the WMAA. The EMRC supports both of these organisations by participating in their activities and by cooperating and sharing information with others.

FINANCIAL IMPLICATIONS

The expenditures for councillor and officer attendance at conferences are budgeted each year. Similarly, an allowance of \$3,000 is made each year in the Resource Recovery Budget for WMCRG members to attend local conferences and seminars.

SUSTAINABILITY IMPLICATIONS

THAT:

- 1. COUNCILLORS AND OFFICERS NOTE THE DATES OF THE FORTHCOMING CONFERENCE.
- 2. COUNCILLOR(S) PULE, PITTAWAY, POWELL, AND FÄRDIG BE AUTHORISED TO ATTEND THE WA WASTE & RECYCLE 2013 CONFERENCE.
- 3. TWO PLACES BE OFFERED TO THE WASTE MANAGEMENT COMMUNITY REFERENCE GROUP (WMCRG) IN THE EVENT THAT SOME MEMBERS MAY WISH TO ATTEND.

CARRIED UNANIMOUSLY

Attachment 1 to TAC 4 July 2013 Item 9.2

Wednesday 11 September

Instant Waste

HALF-DAY TOUR (AM offsite)

Visit the Instant Waste Facility and view the new material recovery facility.

DICOM & WMRC Tour

HALF-DAY TOUR (PM offsite)

Tour of the DICOM facility (Anaerobic Digester) and Western Metropolitan Regional Council Transfer Station.

SMRC Alternative Waste

HALF-DAY TOUR (AM offsite)

Southern Metropolitan Regional Council: Alternative Waste Treatment and Material Recovery Facility Tour. The Southern Metropolitan Regional Council new material recovery facility will be available for viewing. This tour also offers the opportunity to visit the existing alternative waste treatment facility.

Tamala Park Landfill

HALF-DAY TOUR (AM offsite)

The Mindarie Regional Council (MRC) in Perth's northern corridor receives over 350,000 tonnes of waste each year at its state-ofthe-art facilities. Join this half-day tour and see the impressive Tamala Park landfill operation. Included is a visit to the public recycling and hazardous waste collection centre, transfer station and the landfill site itself.

Rottnest Island Tour

ALL-DAY TOUR (offsite) including partners

Rottnest Island, located a 25 minute ferry ride from Fremantle, is a class 'A' nature reserve.

This tour offers you the opportunity to hear from the Rottnest Island Authority about the challenges of managing waste in a delicate natural environment and the issues with waste management in an island setting. This tour includes a return ferry trip to Fremantle, a presentation from the Rottnest Island Authority about waste management practices on the island and a guided tour of the island including major attractions. There will also be some free time to allow you to explore the island.

Warning: the ferry crossing can be rough at this time of year, if you suffer from sea sickness think carefully before signing up for this tour!

Swan Valley Tour

ALL-DAY TOUR (offsite) including partners

Waste 101 Tour & Workshop

FULL-DAY TOUR Workshop (morning) onsite and Tours (afternoon) offsite.

New to the industry or want a bit of a refresher? Then this is the session for you! This workshop and tour day long session will give you an overview of the many different aspects of the waste and recycling industry. The morning session is an onsite workshop covering the key waste and recycling concepts, legislation and issues.

The afternoon is a whirlwind tour of recycling and waste facilities which will showcase some great WA examples of infrastructure.

Planning Workshop

CANCELLATION POLICY

All cancellations must be made in advance in writing to the Conference Secretariat and will attract the following charges:

- Cancellations received in writing on or before 12 July 2013 will incur a cancellation fee of \$250.00.
- Cancellations received in writing on or before 26 August 2013 will incur a cancellation fee of \$500.00.
- No refund will be given to cancellations requested after 26 August 2013.

Unless otherwise notified as by the cancellation policy, non-attendance by the delegate will still require full payment of Conference fees. As an alternative to cancellation, your registration may be transferred to another person up to two weeks prior to the event. Should you wish to transfer your registration, please contact the Conference Secretariat.

9.3 AMENDMENTS TO THE 2013/2014 WASTE MANAGEMENT SCHEDULE OF FEES AND CHARGES

REFERENCE: COMMITTEES-15841

PURPOSE OF REPORT

To advise Council of the updated price for fine mulch, the inclusion of coloured chip pricing and EMRC commercial consulting fees in the Waste Management Schedule of Fees and Charges for 2013/2014.

KEY ISSUES AND RECOMMENDATION(S)

- The price for fine mulch in the 2013/2014 Waste Management Schedule of Fees and Charges has been set at \$60.50 per tonne or \$44.00 per cubic metre including GST.
- The correct pricing for fine mulch should be \$33.00 per tonne or \$20.00 per cubic metre including GST
- Coloured chip is a reintroduced product to be imposed in the schedule of fees and charges at a price of \$60.50 per tonne or \$44.00 per cubic metre including GST.
- Waste Management commercial consulting fees are to be introduced in the schedule of fees and charges for work undertaken for organisations other than member Councils.

Recommendation(s)

That Council:

- 1. By absolute majority, in accordance with Sections 6.16(3) of the Local Government Act 1995 adopt the updated 2013/2014 Waste Management Fees and Charges forming an attachment to this report effective 1 August 2013.
- Approves the advertising of the public notice of the updated 2013/2014 Waste Management Schedule of Fees and Charges in accordance with Sections 6.19 and 1.7 of the Local Government Act 1995.

Acting Director Waste Services

BACKGROUND

The 23 May 2013 meeting of Council recommended (Ref: Committees-15319):

"THAT THE AMENDED DRAFT FEES AND CHARGES, FORMING THE ATTACHMENT TO THIS REPORT, BE USED IN FURTHER DEVELOPING THE 2013/2014 DRAFT BUDGET AND THAT MEMBER COUNCILS BE ADVISED ACCORDINGLY."

The 20 June 2013 meeting of Council adopted the draft 2013/2014 fees and charges in Audit Committee report item 12.2. Council resolved that (Ref: Committees-15486):

"1. COUNCIL, BY ABSOLUTE MAJORITY, IN ACCORDANCE WITH SECTION 6.2(1) OF THE LOCAL GOVERNMENT ACT 1995 AND LOCAL GOVERNMENT (FINANCIAL MANAGEMENT) REGULATIONS 1996, ADOPTS THE EMRC 2013/2014 ANNUAL BUDGET AND SUPPORTING SCHEDULES WHICH HAVE BEEN PREPARED IN COMPLIANCE WITH THE AUSTRALIAN ACCOUNTING STANDARDS.

Item 9.3 continued

- 2. FOR THE 2013/2014 FINANCIAL YEAR A MATERIAL VARIANCE PERCENTAGE OF 10% OF THE APPROPRIATE BASE, AND DOLLAR VALUE OF \$10,000, WHICHEVER IS THE GREATER, BE ADOPTED FOR REPORTING VARIANCES IN THE STATEMENTS OF FINANCIAL ACTIVITY.
- 3. IN ACCORDANCE WITH REGULATION 33 OF THE LOCAL GOVERNMENT (FINANCIAL MANAGEMENT) REGULATIONS 1996, A COPY OF THE 2013/2014 ANNUAL BUDGET BE SUBMITTED TO THE DEPARTMENTAL CEO, DEPARTMENT OF LOCAL GOVERNMENT, WITHIN 30 DAYS OF ITS ADOPTION BY COUNCIL."

REPORT

Following Council's adoption of the 2013/2014 annual budget including the draft 2013/2014 fees and charges, a discrepancy in the price nominated for fine mulch was noted in the section on Manufactured Products (per cubic metre) and Manufactured Products (per tonne).

Fine mulch was inadvertently listed at \$60.50 per tonne including GST or \$44.00 per cubic metre including GST. Fine mulch should have been listed at \$33.00 per tonne including GST or \$20.00 per cubic metre including GST.

In addition coloured chip is to be reintroduced with a price of \$60.50 per tonne including GST or \$44.00 per cubic metre including GST.

The draft 2013/2014 schedule of fees and charges included Waste Management member Council consulting fees and a new category for commercial customers is to be introduced.

The above rates are as outlined in the attachment.

Per the Local Government Act 1995 section 6.19, if a local government wishes to impose any fees or charges after the annual budget has been adopted, it must give local public notice. The updated 2013/2014 fees and charges will be effective 1 August 2013.

STRATEGIC/POLICY IMPLICATIONS

Key Result Area 1 – Environmental Sustainability

1.1 To provide sustainable waste disposal operations

Key Result Area 4 – Good Governance

- 4.1 To provide advice and advocacy on issues affecting Perth's Eastern Region
- 4.4 To continue to improve financial and asset management practices

FINANCIAL IMPLICATIONS

Fees and charges are set to ensure the costs of providing waste management services are recouped whilst minimising costs to member Councils.

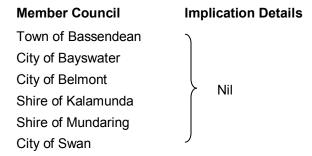

Item 9.3 continued

SUSTAINABILITY IMPLICATIONS

Fees and charges are set so as to ensure services are sustainable in the long term.
