

Foreshore between Guildford Rd bridge and Point Reserve.

Connection to existing path at Sandy Beach Reserve is straightforward.

Floating boardwalks could be used where construction of paths is difficult.

Foreshore north of Pickering Path does not present difficult construction conditions.

Proposed new path: Guildford Road Bridge to Point Reserve.

Proposed new path: Point Reserve to Anstey Road. Shared path facility could involve a substantial section of floating boardwalk over the river.

Proposed new path: Anstey Road to Pickering Park.

Proposed new path: Pickering Park to Deakin Street.

Upgrading of path between boardwalk in Ashfield Flats to bottom of steps that lead up to Ashfield Parade.

Proposed new path: Deakin Street to Villiers St. Shared path facility could involve a substantial section of floating boardwalk over the river.

New path being constructed.

Proposed new path: Villiers St to Sandy Beach Reserve.

Proposed new path: Sandy Beach Reserve to Ashfield Flats (connecting with existing path).
