

10 Year Revised Strategic Plan 2017 - 2027

Our Vision

Promoting
sustainable waste
management and
a transition to a
circular economy

Think forward, act now!

Goals

**Demonstrate Circular
Economy Leadership**

**Respond to a climate
emergency**

**Create value in the
community**

Environmental Impact

Objectives

To use our experience to provide circular based resource recovery solutions for Perth's Eastern Region and act as a knowledge hub for waste avoidance strategies.

To reduce our carbon impact to achieve net zero and understand the risks associated with climate change to Perth's Eastern Region.

To establish and support projects in the community that create social value from a residential level through to commercial levels.

To lead by example by reducing our environmental impacts through efficient operations, forward thinking, and supporting circular and sustainability initiatives in the region.

Targets

Enabling circular economy initiatives through advocacy networks by 2025

Infrastructure adaptation and education by 2030

Community based source separation initiatives by 2027

Regional urban programs implemented

80% recovery of waste generated in the region by 2030

Below zero carbon emissions by 2040

Use of recovered materials in the region by 2040

Contribute to a decrease in illegal waste disposal by 2040

Recover 80% of material generated at all EMRC operated sites by 2040

Sustainability integrated into management processes

Increased participation in behaviour change programs

Revise EMRC wide environmental management system
