

Position Description

Heavy Duty Plant Mechanic

Position Details

Position Title	Heavy Duty Plant Mechanic
Classification	EMRC Remuneration Band – Level 7
Position Number	A0175A
Basis of Employment	Full Time
Team Name	Operations – Hazelmere Resource Recovery Park

Position Objectives

Key Objectives of Position

- To undertake preventative maintenance, servicing and repairs of landfill plant and equipment to manufacturers specifications.
- To provide a quality service for the maintenance and enhancement of EMRC plant assets.

Organisational Values

The EMRC's values describe what we believe in and how we will operate. All employees are expected to consistently demonstrate EMRC values and display the following behaviours:

Excellence	Striving for excellence through the development of quality and continuous improvement.
Recognition	Valuing employees in a supportive environment that focuses on their wellbeing.
Innovation	Focus on innovative approaches in projects and service delivery.
Responsiveness	Dynamic and flexible service delivery.
Integrity	Accountability and consistency in all that we do.

Leaders ensure that the organisation's values are created and sustained by establishing the Council's strategic direction and providing an environment that encourages all employees to reach their potential in achieving the organisational outcomes.

Key Duties/Responsibilities

Position Responsibilities

- Undertake the servicing and repairs to all Hazelmere Resource Recovery Park plant and equipment, light vehicles, trucks, excavators, loaders, Haas grinder and generators or any other site equipment/plant items not mentioned.
- Maintain oil sampling records and provide advice to the Works Coordinator - Hazelmere in regard to appropriate actions to be taken.
- Service and maintain small plant including petrol and diesel powered pumps.
- Maintain accurate and up-to-date service records.
- Order parts and maintain workshop stock at appropriate levels.
- Maintain an accurate and up-to-date tyre register.
- Carry out a quarterly workshop consumables and asset reconciliation.

Occupational Safety and Health (OS&H) Responsibilities

- Comply with all Statutory requirements.
- Take reasonable care to ensure their own safety and health whilst at work and that of others.
- Consult and cooperate with Management on matters of Occupational Safety and Health.
- Report all hazards, accidents, incidents and near misses according to the Accident/Incident Reporting process.
- Develop and follow all safe work procedures as directed by the supervisor or as otherwise directed.
- Use personal protective equipment (PPE) as required.

Organisational Responsibilities

- Ensure all documents are created, stored and maintained in accordance with the organisation's electronic Document Management system requirements.
- Ensure all duties are performed in compliance with the procedures documented in the Business Management System (BMS) or other more current internal guideline documents.
- Actively seek and report on methods of improving systems of work to ensure continuous improvement.
- Respond to organisational initiatives and assist in the development of the EMRC as directed.
- Represent the EMRC in a responsible and professional manner at all times.
- Comply with the policies and procedures of the organisation at all times.
- Properly organise and manage working time to ensure efficient productivity.
- Perform other duties as directed that fall within the scope of the position or the incumbent's knowledge and skills base.

Position Requirements

Competencies

- Demonstrated knowledge of mechanical servicing and repairs of heavy and light plant.
- Demonstrated basic welding skills.
- Sound knowledge of safe work practices and procedures in a workshop environment.

- Effective time management skills with the ability to prioritise work tasks.
- Effective communication and interpersonal skills.
- Ability to work independently and as an effective team member.
