Corporate Business Plan 2023/2024 – 2027/2028 First Quarter Progress Report for the period July to September 2023 (D2023/44391)

Corporate Business Plan 2023/2024 – 2027/2028

Progress Report – First Quarter 2023/2024

Introduction

The Eastern Metropolitan Regional Council's (EMRC) Integrated Planning Framework has been developed to ensure that programs and services are being delivered in alignment with the strategic priorities of EMRC's key stakeholders.

The revised 10 Year Strategic Plan 2017 to 2027 identifies the overarching outcomes that the EMRC Council aspires to achieve.

The newly adopted Corporate Business Plan 2023/2024 – 2027/2028 (Corporate Business Plan) is used to drive operational activities and is aligned to the priorities identified in the 10 Year Strategic Plan. These two comprise the EMRC's Plan for the Future. Strategic high-level plans guide development of actions which are prioritised during annual business planning workshops, and resourced through the annual budget.

Council adopted the latest EMRC's Corporate Business Plan in June 2022. The Corporate Business Plan is built on the foundation of four goals identified within the Sustainability Strategy 2022/2023 – 2026/2027 and the revised 10 Year Strategic Plan 2017 to 2027. The Corporate Business Plan sets out the actions that staff will undertake to deliver on Council's strategic priorities.

Reports against the Corporate Business Plan provide Council with progress updates of projects and programs developed to achieve Council's strategic vision "The EMRC focuses on delivering waste, resource recovery and sustainability services, capitalising on its existing capabilities and infrastructure to act as an industry leader" and sustainability vision "Promoting sustainable waste management and a transition to a circular economy".

Updates against the Corporate Business Plan for the period July 2023 to June 2024 are provided quarterly within this document and are against the current adopted Plan.
