

## Free Seminar!

# Planting, Properties and Conservation

Learn how to manage your property to preserve, enhance and protect the biodiversity values.

The Eastern Metropolitan Regional Council (EMRC) is holding a seminar as part of the 20 Million Trees project, in collaboration with the Blue Sky Festival to share information about the flora and fauna in the Perth Hills and how you can get involved to protect them for the future.

This seminar will suit landholders that are participating in the EMRC revegetation program and anyone interested in planning revegetation or maintenance on their property.

**Venue:** Mundaring Lesser Hall, Jacoby Street Mundaring

**Date:** Saturday 17 March 2018

**Time:** Guest speakers between 10:00am to 3:30pm

**RSVP:** Not required (attend sessions of interest)

See back of page for individual session times.

Speakers on the day will include:

- ◆ Chris Ferreira - The Forever Project
- ◆ Birdlife Australia
- ◆ Mike and Mandy Bamford - Bamford
- ◆ City of Swan and Shire of Mundaring Fire
- ◆ Professor Giles Hardy - Murdoch University
- ◆ Luke McMillan - Perth NRM
