Corporate Business Plan 2025/2026 – 2028/2029 Third Quarter Progress Report for the period January to March 2026.

Corporate Business Plan 2025/2026 – 2028/2029

**Progress Report – Third Quarter
January to March 2026**

Introduction

The Eastern Metropolitan Regional Council's (EMRC) Integrated Planning Framework has been developed to ensure that programs and services are being delivered in alignment with the strategic priorities of EMRC's key stakeholders.

The revised 10 Year Strategic Plan 2017 to 2027 identifies the overarching outcomes that the EMRC Council aspires to achieve.

The newly adopted Corporate Business Plan 2025/2026 – 2028/2029 (Corporate Business Plan) is used to drive operational activities and is aligned to the priorities identified in the 10 Year Strategic Plan. These two comprise the EMRC's Plan for the Future. Strategic high-level plans guide development of actions which are prioritised during annual business planning workshops and resourced through the annual budget.

Council adopted the latest EMRC's Corporate Business Plan in August 2025. The Corporate Business Plan is built on the foundation of four goals identified within the Sustainability Strategy 2022/2023 – 2026/2027 and the revised 10 Year Strategic Plan 2017 to 2027. The Corporate Business Plan sets out the actions that staff will undertake to deliver on Council's strategic priorities.

Reports against the Corporate Business Plan provide Council with progress updates of projects and programs developed to achieve Council's strategic vision "The EMRC focuses on delivering waste, resource recovery and sustainability services, capitalising on its existing capabilities and infrastructure to act as an industry leader" and sustainability vision "Promoting sustainable waste management and a transition to a circular economy".

Updates against the Corporate Business Plan for the period July 2025 to June 2026 are provided quarterly within this document and are against the current adopted Corporate Business Plan.
