11.1 EASTERN METROPOLITAN REGIONAL COUNCIL (EMRC) 2020/2021 DRAFT ANNUAL BUDGET

REFERENCE: D2020/10102

PURPOSE OF REPORT

The purpose of this report is to present the 2020/2021 Draft Annual Budget for Council adoption.

KEY POINTS AND RECOMMENDATION(S)

- The 2020/2021 Draft Annual Budget has been prepared using the Ten Year Financial Plan 2020/2021 2029/2030 that has been reviewed and adjusted to take into consideration:
 - Forecast financial results for 2019/2020;
 - o Budget provisions from 2019/2020 required to be carried forward into the 2020/2021 Budget;
 - The draft 2020/2021 fees and charges relating to Waste Management, Regional Services, and Administration; and
 - Other variations and adjustments as outlined within the report.

AC RESOLUTION(S)

That:

- 1. The Audit Committee endorses the EMRC 2020/2021 Annual Budget.
- 2. The EMRC 2020/2021 Annual Budget be referred to Council for adoption at its 18 June 2020 meeting.

AC RECOMMENDATION(S)

That:

- 1. Council, by absolute majority, in accordance with section 6.2(1) of the *Local Government Act* 1995 and *Local Government (Financial Management) Regulations* 1996, adopts the EMRC 2020/2021 Annual Budget and supporting schedules which have been prepared in compliance with the Australian Accounting Standards.
- 2. For the 2020/2021 financial year a material variance percentage of 10% of the appropriate base, or a dollar value of \$20,000, whichever is the greater, be adopted for reporting variances in the statements of financial activity.
- 3. In accordance with Regulation 33 of the *Local Government (Financial Management) Regulations 1996*, a copy of the 2020/2021 Annual Budget be submitted to the Departmental CEO, Department of Local Government, Sport and Cultural Industries, within 30 days of its adoption by Council.

SOURCE OF REPORT

Chief Financial Officer

BACKGROUND

Section 6.2(2) of the Local Government Act 1995 states "In the preparation of the annual budget the local government is to have regard to the contents of the plan for the future of the district made in accordance with section 5.56".

EMRC's Strategic Community Plan titled *EMRC - 10 Year Strategic Plan 2017 - 2027*, adopted by Council on 18 August 2016 (Ref: D2016/10193) and the Corporate Business Plan 2020/2021 to 2024/2025 (Ref: Report Item 11.2), considered as part of this Council Agenda, together constitute the EMRC's 'Plan for the Future' in accordance with section 5.56 of the Local Government Act 1995. From 30 June 2017 onwards, both plans must be taken into account in budget preparations.

The 2020/2021 Annual Budget draws from the priorities as identified in the EMRC's 'Plan for the Future'.

As part of the budget preparation process, financial forecasts within the EMRC's Ten Year Financial Plan are regularly reviewed in order to provide an indicative forecast of the EMRC's ten year financial position.

The revised plan includes key assumptions which provide the framework for the 2020/2021 budget and includes fees and charges for Waste Management and Regional Services and project funding for Regional Services.

Budget reviews were undertaken by the Executive Leadership Team during February to May 2020 to ensure the budget accurately reflected the planned operations for 2020/2021 and beyond.

The EMRC's Ten Year Financial Plan tonnage forecasts are reviewed regularly and have been used to derive forecast income and expenditure for the Red Hill Waste Management Facility and Hazelmere Recycling Facility. These tonnages are included within the budget document (refer attachment, page 39 of 50).

All business units have developed detailed financial estimates for 2020/2021 to 2029/2030. These estimates have been entered into the EMRC's financial management system to produce the ten year financial forecasts.

As the EMRC will not commence the process of preparing its Annual Financial Statements for 2019/2020 until July 2020, the forecast results for 2019/2020 have been used as a basis for the finalisation of the 2020/2021 Budget.

REPORT

In producing the 2020/2021 Budget, the EMRC's Ten Year Financial Plan has been reviewed and adjusted to take into consideration the following:

- Forecast financial results for 2019/2020; and
- Budget provisions from 2019/2020 required to be carried forward into the 2020/2021 Budget.

The budgeted 2020/2021 Net Result from operations of \$5,627,514 compares to a forecast surplus in 2019/2020 of \$7,856,460 (before distributions to member councils of \$18,789,200) and the budget in 2019/2020 of \$8,758,333.

Major variances to the 2019/2020 forecasts are attributable to:

- A provision of \$250,000 carried forward from the 2019/2020 financial year for the Strategic Review of the EMRC (the initial provision of \$300,000 was approved by Council at its meeting held on 22 August 2019 Ref: D2019/11134);
- A provision of \$40,000 being the annual maintenance cost for diligent boards as approved by Council at its meeting held 19 March 2020 (Ref: D2020/05037);
- An increase in Waste Education costs of approximately \$423.000 associated with the implementation of the FOGO project (authorised allocation of \$500,000 to be funded from the Secondary Waste Reserve as approved by Council at its meeting held 19 September 2019 - Ref: D2019/14022);
- A reduction of approximately \$502,000 relating to Secondary Waste charges not collectable on FOGO tonnes; and
- A decrease of approximately \$1.022m in interest earnings due to the budgeted interest rate for 2020/2021 being set at 1.14% compared to a rate of 1.78% for 2019/2020. This rate was calculated from advice received from the EMRC's investment advisors and is reflective of the expected rates over the next 12 months.

Key Budget Assumptions

The following key assumptions have been used in development of the Ten Year Financial Plan and the 2020/2021 Budget:

- No increase be applied in the member Council base waste disposal charge;
- The Comprehensive Waste Education Strategy (CWES) Levy of \$3.50 per tonne (ex GST) to remain unchanged for 2020/2021;
- No increase be applied for the Secondary Waste charge since Council's resolution on 23 May 2019 (Ref: D2019/07296);
- No increase in the Commercial Waste Disposal charge of \$145.45 per tonne (ex GST);
- The C & I rate of \$135.00 per tonne (ex GST) remains unchanged for 2020/2021;
- The C & I Bulk Verge collection rate of \$150.00 per tonne (ex GST) remains unchanged for 2020/2021.
- Class III Contaminated Waste charge of \$147.00 per tonne (ex GST) remains unchanged for 2020/2021.
- The interim FOGO rate of \$88.50 per tonne (ex GST), inclusive of the \$3.50 per tonne (ex GST) Waste Education Levy, for member Councils remains unchanged for 2020/2021;
- The rate of \$52.73 per tonne (ex GST) remains unchanged for member Councils uncontaminated greenwaste disposed at the Hazelmere site;
- The rate for the sale of Premium Recycled Wood Chip has increased from \$44.55 per tonne/\$9.09 per m³ (ex GST) to \$64.55 per tonne/ \$13.18 per m³ (ex GST).
- The rate for the sale of Wood Chip (fines) has increased from \$62.41 per tonne/\$13.73 per m³ (ex GST) to \$72.27 per tonne/\$15.91 per m³.
- The rate of \$66.50 per tonne (ex GST) remains unchanged for Commercial uncontaminated greenwaste disposed at the Hazelmere site;
- Mattress disposal charges have been increased from \$16.36 (exc. GST) per mattress for member council residents and charitable organisations and from \$25.46 (exc. GST) for commercial clients to \$27.50 per mattress (exc. GST);
- The Regional Services consulting rates for 2020/2021 to remain unchanged;

Key Budget Assumptions (continued)

- Increased insurance premiums have been applied in 2020/2021 for property (10%), plant and equipment (5%) and liability (5%);
- The interest rate for term deposit investments for the 2020/2021 financial year is budgeted at 1.14% per annum;
- The Wood Waste to Energy facility has been budgeted for 6 months of operations commencing January 2021; and
- The funding for Regional Services projects is based on the schedules used in the Regional Services Funding Program presented to Council at its meeting held on 5 December 2019 (Ref: D2019/17869).

Tonnages - (page 38 of 46 of the attachment)

Budgeted total tonnages for 2020/2021 of 248,616 tonnes is above the 2019/2020 forecast of 242,988 tonnes and the 2019/2020 budget of 242,663 tonnes.

Class IV tonnages which have been budgeted at 5,000 tonnes for 2020/2021. This is the same as the 2019/2020 forecast of 5,000 tonnes and the 2019/2020 budget of 5,000 tonnes.

FOGO tonnages have been budgeted at 13,207 for 2020/2021 and represents tonnages to be received from the Town of Bassendean and the City of Bayswater as part of the FOGO Trial project.

	Actual	Actual	Budget	Forecast	Budget
	2017/2018	2018/2019	2019/2020	2019/2020	2020/2021
Class II & III	160,404	215,230	224,128	226,748	223,593
Class IV & V	1	191	5,100	5,000	5,000
Greenwaste	10,479	10,067	12,135	11,240	6,816
FOGO	0	0	1,300	0	13,207
Total	170,884	225,488	242,663	242,988	248,616

Disposal Fees and Charges - (pages 30-34 of 46)

The member Council disposal charge for Class III waste for 2020/2021 has not been increased from the 2019/2020 rate of \$181.50 per tonne (ex GST).

EMRC Consulting Fees - (page 35 of 46)

No increase in the Regional Services consulting rates has been proposed for 2020/21/2020.

EMRC Administration Fees and Charges - (page 36 of 46)

No increase in the photocopier charges has been proposed for 2020/2021.

Statement of Comprehensive Income - (pages 2-3 of 46)

The budgeted *"Net Result"* is a surplus of \$5,627,514 for 2020/2021 compared with a budgeted surplus of \$8,758,333 for 2019/2020 and a forecast surplus of \$7,856,460 (before distributions to member councils of \$18,789,200)

Also provided is a Statement of Comprehensive Income by (Local Government) Program.

Staffing Levels

As part of the budget development, the following six (6) new positions have been identified in the 2020/2021 budget:

- 1 x Minute Taker A proposed dedicated minute taker for Council and Committee meetings to compile minutes of meetings as well as providing support for the compiling of agendas.
- 4 x Production (Process) Operators and 1 x Electrician/Operator Provision made for the staffing of the Wood Waste to Energy (WWtE) facility expected to be commissioned in the second part of the 2020/2021 financial year.

These new positions identified will not be filled automatically and will need to be supported by a business case at the appropriate time.

Staff Remuneration Structure

No increase in staff remuneration has been budgeted in 2020/2021.

Capital Works - (pages 40-46 of 46)

The total proposed Capital Works expenditure for 2020/2021 is \$24,066,114 which includes carried forward capital expenditure of \$7,400,284. This compares with the 2019/2020 budgeted expenditure of \$26,940,712 and the 2019/2020 forecast expenditure of \$19,918,069.

Major capital expenditure items for 2020/2021 including carry forwards are:

•	Construction of Class III Cell (Stage 16) - Red Hill Waste Management Facility.	\$3,746,002
٠	Install Power Supply to Lots 8, 9 & 10 - Red Hill Waste Management Facility	\$2,500,000
٠	Purchase Waste Management Land	\$2,235,000
•	Purchase/Replace Plant - Red Hill Waste Management Facility (\$26,025 carried forward from 2019/2020).	\$1,935,000
•	Develop Lots 8, 9 & 10 For Future Waste Activities - Red Hill Waste Management Facility.	\$1,787,961
•	Liquid Waste Project Infrastructure - Red Hill Waste Management Facility (\$1,550,000 carried forward from 2019/2020).	\$1,650,000
•	Resource Recovery Park - Wood Waste to Energy Building, Infrastructure, Plant and Equipment.	\$1,551,750
•	Construct and Commission Resource Recovery Park - Site/Administration Office (\$800,000 carried forward from 2019/2020).	\$800,000
•	Construct and Commission Resource Recovery Park - Site Workshop (\$600,000 carried forward from 2019/2020).	\$600,000
•	Purchase/Replace Plant - Hazelmere (\$100,000 carried forward from 2019/2020).	\$595,000
•	Liquid Waste Project Plant - Red Hill Waste Management Facility (\$450,000 carried forward from 2019/2020).	\$550,000
•	Purchase/Replace Minor Plant and Equipment - Red Hill Waste Management Facility (\$100,077 carried forward from 2019/2020).	\$525,000
•	Construct and Commission Resource Recovery Park - Community Reuse Store (\$500,000 carried forward from 2019/2020).	\$500,000

Capital Works (continued)

•	Purchase Information Technology and Communications Equipment - Ascot Place (\$80,000 carried forward from 2019/2020).	\$405,000
•	Construct Leachate and Stormwater Infrastructure and Siltation Ponds - Red Hill Waste Management Facility (\$200,000 carried forward from 2019/2020).	\$400,000
٠	Purchase/Replace Vehicles - Ascot Place/Red Hill/Hazelmere	\$329,000
•	Capital Improvements - Ascot Place Administration Building (\$155,000 carried forward from 2019/2020).	\$308,000
•	Construct and Commission Resource Recovery Park - Site Infrastructure (\$300,000 carried forward from 2019/2020).	\$300,000

Statement of Cash Flows - (page 5 of 46)

The format of the Statement of Cash Flows separates "*Normal Operating Activities*" from Resource Recovery activities.

The budgeted net cash provided by normal operating activities is \$7,549,581. This represents a decrease of \$1,466,215 when compared with the 2019/2020 budget and a decrease of \$711,087 compared with the forecast position in 2019/2020.

Municipal Cash and Restricted Investments (Reserves) - (pages 6-9 of 46)

The cash and investments (Municipal and Restricted Investments) as at 30 June 2021 has been forecast to be \$67,742,491 compared with the forecast cash and investments as at 30 June 2020 of \$79,435,085.

The overall decrease year on year in budgeted cash (Municipal and Restricted Investments) is attributable to the capital expenditure exceeding the net budgeted operational cash flow during the 2020/2021 financial year. Funds have been set aside in Reserves and will be utilised in accordance with the budgeted expenditure.

Approximately 63.33% of total cash and restricted investments budgeted for 30 June 2021 will be held in the Secondary Waste Reserve (\$42,903,335) to fund the development of Resource Recovery Projects. Other restricted cash investments will be used to fund future capital works projects including:

- Major plant replacements at the Red Hill and Hazelmere Waste Management Facilities;
- Post closure Site Rehabilitation and Environmental Monitoring at Red Hill Waste Management Facility; and
- Future Class III and Class IV cell construction.

Reporting Requirements

It is a requirement of the *Local Government (Financial Management) Regulations 1996 - Regulation 34(5)* that a local government is to establish and adopt materiality levels either as a percentage and/or dollar value to be used in statements of financial activity for reporting variances.

Reporting Requirements (continued)

The concept of materiality is defined in the accounting standard, AASB 108 as:

"Omissions or misstatements of items are material if they could, individually or collectively, influence the economic decisions that users make on the basis of the financial statements. Materiality depends on the size and nature of the omission or misstatement judged in the surrounding circumstances. The size or nature of the item, or a combination of both, could be the determining factor."

In determining whether the variance amount of an item is material, the variance is to be compared with the corresponding budgeted revenue and expense amount to the end of the month to which the statement of financial activity relates.

Since the 2015/2016 financial year Council has adopted 10% as the percentage, or a dollar value of \$20,000, whichever is the greater to be used when reporting variances. It is recommended that for the 2020/2021 financial year the materiality percentage of 10%, or a dollar value of \$20,000, whichever is the greater, be retained and adopted for reporting variances in the statements of financial activity.

Post Budget Preparation Event

There have been no post budget preparation events that will have a significant effect on the 2020/2021 draft budget.

STRATEGIC/POLICY IMPLICATIONS

Key Result Area 3 - Good Governance

- 3.3 To provide responsible and accountable governance and management of the EMRC
- 3.4 To continue to improve financial and asset management practices

FINANCIAL IMPLICATIONS

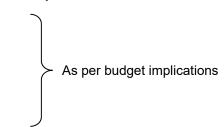

As detailed in the attachment to this report.

BUDGET NOTES

2020/2021 BUDGET

1. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies which have been adopted in the preparation of this financial report are presented below and have been consistently applied unless stated otherwise:

Basis of Preparation

The financial report is a general purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the *Local Government Act 1995* and accompanying regulations.

Except for cash flow information, the report has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

The Local Government Reporting Entity

All funds through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

(a) Trust Funds

Any monies held in the Trust Fund, which Council holds in a custodian role, are excluded from the Financial Report.

The EMRC currently does not hold any trust fund monies.

(b) Cash and Cash Equivalents

Cash and cash equivalents in the Statement of Financial Position comprise cash at bank and in hand and short-term deposits that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purposes of the Statement of Cash Flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts. Bank overdrafts, where applicable, are included as short-term borrowings in current liabilities on the Statement of Financial Position.

The EMRC currently does not hold any bank overdrafts.

(c) Fixed Assets

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Mandatory Requirements to Revalue Non-Current Assets

In accordance with *Local Government (Financial Management) Regulations 1996 r.17A(4),* the Council is required to revalue an asset within a period of 3 years but no more than 5 years after the day on which the asset was last valued or revalued.

The EMRC has elected to undertake the asset revaluations on its assets on a 4 year rotational cycle commencing 2018/2019 (Year 1) as follows:

- Year 1 No revaluations to be undertaken;
- Year 2 Plant and Equipment;
- Year 3 Land and Buildings and Infrastructure; and
- Year 4 Art Works.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Fixed Assets

Initial Recognition and Measurement between Mandatory Revaluation Dates

All assets are initially recognised at cost where the fair value of the asset at date of acquisition is equal to or above \$5,000. All assets are subsequently revalued in accordance with the mandatory measurement framework detailed above.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost on non-current assets constructed by the Council includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework detailed above, are carried at cost less accumulated depreciation as management believed this approximates fair value. They will be subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework detailed above.

Revaluation

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Land Under Control

In accordance with *Local Government (Financial Management) Regulations 1996 r.16(a),* the Council is required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or regional significance.

The Council does not have any crown land which comes under this regulation.

Land Under Roads

In Western Australia, all land under roads is Crown land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and the fact Local Government (Financial Management) Regulations 1996 r.16 (a)(i) prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, *Local Government* (*Financial Management*) Regulations 1996 r. 16(a)(i) prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulations 1996 r.4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Council.

The EMRC does not hold any land under roads.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Fixed Assets (continued)

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- a) Restated proportionately with the change in the gross carrying amount of the asset so that the carrying amount of the asset after revaluation equals its revalued amount; or
- b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Major depreciation rates used for each class of depreciable asset are:

• Buildings	0.20 - 32.00% (based on components)
Structures	
General	0.56 - 18.10% (based on components)
Class III and IV Waste Cells	% of actual usage
Plant	3.67 - 57.66%
 Furniture and fittings 	5.97 - 33.33%
Equipment	5.33 - 52.59%

The asset residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the Statement of Comprehensive Income in the period in which they arise.

When revalued assets are disposed of, amounts included in the revaluation surplus relating to that asset are transferred to retained surplus.

Capitalisation Threshold

Expenditure on items of equipment under \$5,000 are not capitalised. Rather, they are recorded on an asset inventory listing.

(d) Fair Value of Assets and Liabilities

When performing a revaluation, the Council uses a mix of both independent and management valuations using the following as a guide:

Fair Value is the price that Council would receive to sell the asset or would have to pay to transfer the liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(d) Fair Value of Assets and Liabilities (continued)

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

Where possible, market information is extracted from either the principal market for the asset (i.e. the market with the greatest volume and level of activity for the asset) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

Fair Value Hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair value of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation Techniques

The Council selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Council are consistent with one or more of the following valuation approaches:

Market Approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income Approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(d) Fair Value of Assets and Liabilities (continued)

Cost Approach

Valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs which reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Council gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

As detailed above, the mandatory measurement framework imposed by the *Local Government (Financial Management) Regulations 1996* requires, as a minimum, all assets carried at a revalued amount to be revalued in accordance with the regulatory framework.

(e) Intangible Assets

Easements

Regulation 16 of the *Local Government (Financial Management) Regulations 1996* requires easements to be recognised as assets. The EMRC does not have any easements.

(f) Rates

The EMRC does not levy rates. Accordingly, rating information as required under the *Local Government* (*Financial Management*) Regulations 1996 has not been presented in this financial report.

(g) Grants, Donations and Other Contributions

Grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions.

Conditional grants and contributions income is recognised subject to conditions applicable to the use of such income. Expenditure of those monies has been made in the manner specified under the conditions upon which the EMRC received those monies.

(h) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the local government prior to the end of the financial year that are unpaid and arise when the local government becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 days of recognition.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(i) Impairment

In accordance with Australian Accounting Standards, the Council's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired. Where such an indication exists, an estimate of the recoverable amount of the asset is made in accordance with AASB 136 'Impairment of Assets' and appropriate adjustments made.

An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another standard (e.g. AASB 116 Property, Plant and Equipment) whereby an impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other standard.

(j) Revenue Recognition

Waste Services

Revenue from waste services is recognised when the waste is received.

Generation of Gas Services

Revenue from the generation of gas services is recognised on an accrual basis. Proceeds from the sale of Renewable Energy Certificates are only recognised when the certificates are sold.

Interest Income

Interest income is recognised on an accrual basis.

Sale of Goods and Disposal of Assets

Revenue from the sale of goods and disposal of other assets is recognised when the Council has passed control of the goods or other assets to the buyer.

Rendering of Services

Revenue from the provision of services is recognised on an accrual basis.

Royalties

Royalty revenue is recognised on an accrual basis.

(k) Inventories

General

Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land Held for Resale

Land purchased for development and/or resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development and interest incurred on the financing of that land during its development. Interest and holding charges incurred after development is complete are recognised as expenses.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(I) Goods and Services Tax

In accordance with recommended practice, revenues, expenses and assets capitalised are stated net of any GST recoverable. Receivables and payables in the Statement of Financial Position are stated inclusive of applicable GST. The net amount of GST recoverable from, or payable to the ATO is included with receivables or payables in the Statement of Financial Position.

Cash flows are included in the Statement of Cash Flows on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(m) Provisions

Provisions are recognised when: The Council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated.

Provisions are measured using the best estimate of the amounts required to settle the obligations at the end of the reporting period.

(n) Provision for Site Rehabilitation

A provision for the future costs associated with closing and restoring the landfill is recognised as liabilities within the financial accounts. The nature of work planned by Council includes cell capping, landform reconstruction, dismantling of site operating facilities and implementation of a revegetation plan to suit the final land use. The provision is based on the future value of the estimated current costs, determined on a discounted basis.

Increments in the provision are calculated annually based on the change in the net present value of the future cash outflows of costs for site rehabilitation (unwinding of the discount rate).

As per the independent engineers report from June 2015, the present value for the rehabilitation of the site has been calculated to be \$6,647,080 and has been deemed sufficient for post closure management purposes. This value will be reviewed on a five yearly cycle and is now due to be reviewed for implementation in the 2019/2020 Annual Financial Report.

The costs are measured using the best estimate of the amounts required and is reassessed internally on an annual basis with an independent review being undertaken on a five year cycle.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(o) Provision for Environmental Monitoring

A provision for the future costs associated with closing and restoring the landfill is recognised as liabilities within the financial accounts. The nature of work planned by Council includes monitoring of groundwater, surface water, leachate and landfill gas generation. The cost is based on estimated current costs, determined on a non-discounted basis.

Increments in the provision are calculated annually based on the change in the net present value of the future cash outflows of costs for environmental monitoring (unwinding of the discount rate).

As per the independent engineers report from June 2015, the present value for the environmental monitoring of the site has been calculated to be \$3,760,000 and has been deemed sufficient for post closure management purposes. This value will be reviewed on a five yearly cycle and is now due to be reviewed for implementation in the 2019/2020 Annual Financial Report.

The provision is measured using the best estimate of the amounts required and is reassessed internally on an annual basis with an independent review being undertaken on a five year cycle.

(p) Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

(q) Critical Accounting Estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. The results of this experience and other factors combine to form the basis of making judgements about carrying values of assets and liabilities not readily apparent from other sources. Actual results may differ from these estimates.

(r) Trade and Other Receivables

Trade and other receivables include amounts due from member Councils and non-members for unpaid fees and charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectable amounts (i.e. impairments).

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Collectability of trade receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(s) Employee Entitlements

The provisions for employee benefits relate to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

(i) Short-term Employee Benefits

Provision is made for the Council's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled. The Council's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

(ii) Other long-term Employee Benefits

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations.

The Council's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Council does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions. The Council's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

(iii) Superannuation Fund

The Council contributes to the WA Local Government Superannuation Plan (LGSP) and other nominated funds for qualifying employees as per statutory requirements (9.50% for 2019/20). It also co-contributes to the LGSP and other nominated funds for full scheme members (5% for 2019/20). Contributions to defined contribution plans are recognised as an expense as they become payable.

(t) Rounding Of Amounts

All amounts shown in this annual financial report, other than the Schedule of Fees and Charges, are rounded to the nearest dollar. As a result of rounding, some minor reconciliation discrepancies may be present in the disclosures to the financial report.

(u) Comparative Figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

(v) Budget Comparative Figures

Unless otherwise stated, the budget comparative figures shown in this annual financial budget relate to the original budget estimate for the relevant item of disclosure.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(w) Leases

Leases of property, plant and equipment, where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the Council, are classified as finance leases. Finance leases are capitalised recording an asset and a liability equal to the present value of the minimum lease payments, including any guaranteed residual value. Leased assets are amortised over their estimated useful lives. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

The EMRC does not currently have any finance leases.

(x) Other Financial Assets

(i) Other Financial Assets at Amortised Cost

The Council classifies financial assets at amortised cost if both of the following criteria are met:

- The asset is held within a business model whose objective is to collect the contractual cashflows, and
- The contractual terms give rise to cash flows that are solely payments of principal and interest.

(ii) Financial Assets at Fair Value through Profit and Loss

The Council classifies the following financial assets at fair value through profit and loss:

- Debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- Equity investments which the Council has not elected to recognise fair value gains and losses through other comprehensive income.

(y) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where the Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months.

Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Council's intentions to release for sale.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(z) Landfill Cells

There are three general components of cell construction:

- Cell excavation and development costs;
- Cell liner costs; and
- Cell capping costs.

All cell excavation and development costs and cell liner costs are capitalised and depreciated over the useful life of the cell based on the volumetric usage of the landfill cell air space during the year.

Cell capping costs are expensed as they occur as part of ongoing site rehabilitation.

2. PROGRAMS

The activities relating to the EMRC's programs reported on in the Operating Statement are as follows:

Governance

Records income and expenditure relating to the administration and operation of facilities and services to members of Council together with other administrative governance costs.

General Purpose Funding

Records interest revenue as well as other general purpose revenue.

Community Amenities

Records income and expenditure associated with the Class III cell, Class IV cell, weighbridge, and transfer station at the Red Hill Waste Management Facility, the Hazelmere Resource Recovery Park and the Coppin Road and Mathieson Road transfer stations.

Other Property and Services

Records income and expenditure for public works overheads, plant operation, materials, salaries and wages. It also records income and expenditure for the Environmental Service departments (incorporating various Environmental Projects), the operations of the Ascot Place activity, and income and expenditure relating to the Regional Development activity incorporating various projects.

3. RECONCILIATION OF RATES LEVIED

The EMRC does not levy rates therefore a Rate Setting Statement [Local Government (Financial Management) Regulations 1996: 22(1)(d) and 30(1)(c)] has not been prepared.

4. NOTES TO THE STATEMENT OF CASH FLOWS

(i) Reconciliation of Cash

For the purpose of the statement of cash flows, The EMRC considers cash to include cash on hand, cash at bank and bank term deposits. Cash at the end of the reporting period as shown in the statement of cash flows is as follows:

	BUDGET 2019/2020 \$	FORECAST 2019/2020 \$	BUDGET 2020/2021 \$
Cash - Unrestricted	4,277,914	9,570,331	4,047,270
Cash - Restricted	86,095,966	69,864,754	63,695,221
Total Cash	90,373,880	79,435,085	67,742,491

(ii) Reconcilliation of net cash used in operating activities to change in net assets arising from operations

	BUDGET 2019/2020 \$	FORECAST 2019/2020 \$	BUDGET 2020/2021 \$
Net Change in assets from operations	8,758,333	(10,932,740)	5,627,514
Write back Depreciation	5,426,921	4,939,128	5,562,697
Write back Provisions	236,821	239,956	900,658
Write back Accruals - Staff Entitlements	29,624	17,210	29,913
Write back (Profit)/Loss on sale of assets	(51,001)	(109,960)	(22,262)
Net cash from operating activities	14,400,698	(5,846,406)	12,098,520

(iii) Depreciation of Assets

Details of depreciation expenditure budgets for each program are as follows

	BUDGET 2019/2020 \$	FORECAST 2019/2020 \$	BUDGET 2020/2021 \$
Administration	333,695	263,456	353,844

Total Statutory Fees and Charges	40,036,790	40,162,398	41,059,484

6. LOAN BORROWINGS

(a) Loan Repayments

No loans existed as at 30 June 2020 and no loans are anticipated during the 2020/2021 financial year.

(b) Unspent Loans

No unspent loan funds existed as at 30 June 2020 and no unspent loan funds are anticipated during the 2020/2021 financial year.

(c) New Borrowings

The EMRC does not propose to undertake new borrowings during the 2020/2021 financial year.

(d) Overdraft

Council has not utilised an overdraft facility during the 2019/2020 financial year and it is not anticipated that any such facility will be utilised during the 2020/2021 financial year.

7. COUNCILLOR FEES AND ALLOWANCES

From July 2020 each Councillor, other than the Chairman, will be entitled to an annual meeting fee of \$10,560.

From July 2019 the Chairman will be entitled to an annual meeting fee of \$15,839 as well as an annual Local Government fee of \$20,063.

From July 2020 the Deputy Chairman will be entitled to an annual Local Government fee of \$5,016.

A provision of \$15,765 for meeting fees has been provided for deputy Councillors when deputising for a Councillor at a meeting. All fees paid to Councillors and the Chairman are paid quarterly in arrears.

All fees are in accordance with the 2020 Salaries and Allowances (SAT) Tribunal determination.

	BUDGET 2019/2020 \$	FORECAST 2019/2020 \$	BUDGET 2020/2021 \$
Councillor(s) meeting fees	116,160	116,160	116,160

10. PLAN FOR THE FUTURE

EMRC's Strategic Community Plan titled *EMRC - 10 Year Strategic Plan 2017 - 2027*, adopted by Council at its meeting held on 18 August 2016 and the Corporate Business Plan 2020/21 to 2024/25, which was adopted by Council at its meeting held on 18 June 2020 together constitute EMRC's 'Plan For The Future' in accordance with section 5.56 of the Local Government Act 1995.

The 2020/2021 Annual Budget draws from the priorities as identified in the EMRC's 'Plan For The Future'.
